### 1944

The Class of '44 will have their 60th reunion August 21st at the All Steak in Cullman. We would like to make this special. If anyone has any ideas as to what they would like to do please notify me – Elsie McCoy [emccoy@hiwaay.net](mailto:emccoy@hiwaay.net) We wonder if they would again like a tour of Cullman to see what has changed since the last time. There is also a Museum of Rare Collectibles collected by Evelyn Burrows that is really interesting. The committee would like input from other members. Marie will mail out information before time to register.

**Note:** We lost another class mate. Lilliam Hice Scott passed away a few weeks ago. There was a graveside service. A donation was made to St. Paul's Lutheran Church in her memory from the class.

2003 has been a very special for us. Capers and I celebrated our 50th Wedding Anniversary on August 1st! To commemorate the event, we treated ourselves to trip to Ireland and

Paris. Friends from California met us at the Dublin Airport. For a week, the four of us toured Dublin and southern Ireland. Our next week was spent in a timeshare exchange we obtained at Seasons at Knocktopher Abbey,

Knocktopher, County Kilkenny, Ireland and touring mediavel Kilkenny. This historic resort sits in a 17 acre rock-walled garden setting depicting the beautiful Irish countryside.

Final stop was Paris where we spent a week in a furnished apartment at St. Sulpice, 6e Arrondissement de Paris. That's located across the Sein

River from the Louvre in Saint Germaine. We certainly enjoyed all the sights and sounds of this magnificent city!

Upon our return home, our Son Kent of Orlando hosted an Anniversary Celebration Luncheon for family and friends at Venezia's Restaurant in Orange Park. His daughters, Kayla and Krystal were hostesses with music provided by Tony Smotherman, professional award-winning guitarist.

An occasion like this only happens once in a lifetime. Capers and I wanted to capture the moment for eternity while making the most of it!

My wife Rae (Tupelo, MS) and I are in our 37th year of marriage. We've been ministering in South Florida for the past 22 ½ years. I'm currently on staff at First Baptist Church, Pompano Beach, FL. This is my second time to serve this church. In the '80's I was here as Youth Pastor and now I'm Associate Pastor of Discipleship & Christian Education.

Since graduating from CHS, my journey has led to AU for about a year, then to Howard College (now Samford U) to graduate with a degree in Church Music. At New Orleans Baptist Theological Seminary I met and married Rae Winders, from Tupelo, MS. Upon graduation from NOBTS, we moved all the way to San Diego, CA where I served as Minister of Music, Youth and Education at Calvary So. Baptist Church. From there the Lord moved us to Whittier, CA where I served the Greenleaf Avenue Baptist Church as Minister of Music and Youth. While there our 2 daughters, Kendra and Carissa were born 2 years apart. We had the thrill of experiencing the "Jesus Movement" which blossomed in California, in the late '60s.

From there we journeyed all the way back to Alabama to serve on staff at First Baptist Church, Gardendale, AL, and later at Hillview Baptist in Forrestdale. In

1981 we moved to South Florida and have been here on the "Gold Coast" ever since. We've served churches in Pompano Beach, Miami (Perrine), West Palm Beach, Boca Raton and now back in Pompano Beach. During all of this time Rae has taught school (geometry) and is still on faculty at Santaluces High School in Lantana, FL.

We're beginning to prepare for retirement in a year or so. Currently buying a place in Sebring, FL as a retirement home. We want more time to spend with the 5 (soon to be 6) grandkids in Alabama and New Jersey. We do get back to Cullman once or twice a year because my father, Jay Cole still is there (age 90) and my sister Brenda Ward and her family are there. Haven't made any of the reunions yet, but am planning to make the 50th in 2007.

### **Virginia (Wider) Stevens**

Christmas winds are blowing like crazy in St. Croix in the Virgin Islands. We actually need sweaters sometimes in the evenings as we are at a beach side restaurant. But it's nice to see all our snowbird friends who always return as the snow and cold weather hit the U. S.A.

We had an exciting book swap for all the kids in St. Croix schools this fall. Students brought their own books that they had read to their school librarian and received a coupon for each book. The coupon was redeemed for another book at the Book Festival at a local shopping center. More than one thousand books were swapped. It's gratifying to see that kids still read, in spite of TV and the Internet!

## Virginia Howard

*Death by Unches*, a murder mystery written by Virginia Howard (Class of 1960) in collaboration with her sister-in-law Gail Howard (wife of Fredric T. Howard, CHS Class of 1957), under the pseudonym "H. O. Ward," is now in print. The book, published by Hilliard & Harris, is available on the Internet at [www.amazon.com](http://www.amazon.com), [www.barnesandnoble.com](http://www.barnesandnoble.com), [www.bordersstores.com](http://www.bordersstores.com), and [www.booksamillion.com](http://www.booksamillion.com), or order through your favorite bookstore.

Holiday greetings from the snow covered land of Ohio. To all of you who wished for a "White Christmas" believe me. It's not what it's cracked up to be.

I usually keep busy watching my 4 year old grandson Zach during the day. Once a week I practice singing for my church's quartet. I love singing--not that I am excel in it but it gives me great joy to sing about God's grace for us. I also sing solos and naturally am in the choir. I took piano lessons for 4 years when I was in my 30's but gave that up because it made me too nervous to play in front of anyone.

My husband, Bill, is going to retire from Goodyear Tire and Rubber Co. the first of April after 35 years of service. We have booked an 11 day cruise for the Hawaiian Islands the middle of April. This will be our third cruise and it's a fabulous vacation for anyone who wants to be pampered---(and don't forget the food!)

**Randy Hancock** was killed in a house fire on July 24, 2003. He had been a quadriplegic the last 20 years of his life due to a freak accident and was trapped in his bedroom. While he did not actually graduate with the class of '70, he completed his GED and delivered the valedictory speech when he graduated from St. Leo's College in Florida. Randy was active in the CHS band as a percussionist and served as Drum Major for Cullman Jr. High. He remained a musician for the rest of his life, singing and playing banjo and guitar (until the accident). He recorded an album with the rest of his siblings in 1995. After his accident, Randy received his law degree from Columbia School of Law and was also a pilot. He had three children, Alisha Hancock Fuhrman, Danny, and Nathan Hancock.

### **Greg Tubbs**

I started the 2003-2004 school year at the Army War College in August of this year. It is a school that prepares officers for continued service as senior advisors to the executive level of our government. Carlisle Pennsylvania is an interesting place...just 26 miles from Gettysburg. So, there is plenty to do and see. We have made several trips to Washington and a class trip to New York to receive briefings on the

United Nations and New York anti-terrorist organizations. Only 3 hours of class per day, but lots of reading and lots of writing. This too shall pass. I am a Lieutenant Colonel in the Army and hope to make the rank of Colonel in December. I have served 24 years now and it has been an adventure. I have spent 9 years in Germany and lots of time in third world countries. Lots of high adventure. I have two kids, a daughter; Katie is a freshman at the University of Alabama. She is in film studies in the Honors program... living in the honors dorm. I am expectedly proud of her. My son Chris is an 8<sup>th</sup> grader, a joy and a challenge to be around. He changes by the day. My wife of 21 years, Kay is from Tuscaloosa and a graduate of the University of Alabama. I encourage all to write a short note so that we can all see where you are and what you are doing. I worked hard to get back in the country for our 25<sup>th</sup> reunion and could not find any information about it. Was there a reunion? Did we have a bad one and no one is now interested. I hope this short note finds all healthy and happy. Very respectfully...Gregory Tubbs

Ralph and I got the chance to expand "Rumors Deli" here in Cullman. We have been renovating the building on the end of the street (105 First Av. NE, Suite 100) and we are almost done. We will triple our size, add a coffee bar, and hopefully seat and serve more customers making it easier to find a place to sit. The move should take place around the middle of January. God continues to bless us. Come see us when you can.

"What a long, strange trip it's been...." "Howdy!" from Columbia, Maryland. After graduation, I matriculated at The University of Alabama & received my bachelor's degree in finance with a minor in English (thanks, Mrs. Williams & Mrs. Linton) in 1991. I worked in Houston TX & Birmingham for 3 years in the natural gas pipeline industry as a financial analyst, after which I realized that the corporate workplace wasn't for me.

Since then, I've worked as a bookseller for bookstores in Birmingham, Tuscaloosa, Key West FL, Baltimore MD and, my latest roost, Columbia MD, which is approximately 1/3 of the way between Baltimore & Washington DC. Call me a professional vagabond if you will (others have & it's the truth), but I love what I do & my travel over the past 16 years has been an education in & of itself. I'm still single & have no kids, but I do have hope that I'll meet the right woman one of these days & both of those statements will no longer apply.

Also, I got married to Stacey Strickland, a Texas native, and we honeymooned in Maine and the Canadian Maritimes.
